

Bangladesh Biman Airlines

Airbus 380-800

Dear Virtual Pilots,

Thank you for taking your time out in downloading this new repaint of Bangladesh Biman Airbus A380-800. As we all know Bangladesh Airlines has few McDonald Douglas DC-10-30 wide body aircrafts; with its aging aircrafts it is unsure when we'll see the new aircrafts.

With my deepest passion I take my time to repaint these aircrafts in Biman's paint scheme. With the morning RED sun glowing on the tail of this A380, it gives me a sense of being back home. With all respect to Bangladesh Airlines, let us all enjoy this newly painted A380 in Virtual Flights.

Sincerely,

Aziz Palas
