

DREAMLINER Boeing 767-300/ER N767BX. Boeing Dreamliner livery painted on SkySpirit2010's Boeing 767-300 V5 aircraft. The textures are saved in 32bit format for quality graphics. Its features are Opening doors & Cargo doors, detailed textures, accurate paint, dynamic shine & effects, dynamic flexing wings that respond to turbulence, fully independent suspension, animated tilting bogies, trim animation, gear steering, accurate flight dynamics, spoiler animation, crash effects, reflective cockpit windows, crash effects, transparent navigation light lenses and many more. You can use this texture package with winglet or non-winglet model. Download the latest winglet or non-winglet model from SkySpirit2010's update page: <http://ssp.cyber-ninja.jp/SSP2010Update.html>

Use it at your own risk.

Thanks for downloading and happy flying.

Regards
