

## **ADDING CAMERA VIEWS TO AIRPLANES, HELICOPTERS ETC.**

Hi ! I'm Marc Renaud, the guy who adds camera views both outside and inside airplanes etc.

No this is not a tutorial. That is for when I get really sick of adding new views.

This is a list of my work up to the date that the table gets posted on 4 websites dedicated to Fligh Simulator.

Just below this text, is the list of the said websites with working links to them.

In the table you'll find 22 different aircrafts – civil, military and FSX default ones.

For each one, there are 4 columns corresponding to the 4 websites.

The goal of this table is to tell your where you can find my postings ( uploads ).

Since I only post my views for a specific aircraft on the websites which makes the model

available this table will save you time because you will not have to seach all 4 websites for

a model that you've seen in this list and that is of interest for you.

Well, I hope you enjoy my work . For now I still do mainly because I have had just about 23000 dowloads ( 4 websites ).

**Many thank you to you all !**
