

### Mirage III from RanchoJEN – J.E. Narcizo

Extract the MirEC24b.zip to your desktop. You should have a folder now named texture.EC24b. Copy the texture.EC24b folder back into your Mirage IIIEA folder. Install the text below into your aircraft.cfg file. This Mirage Fighter is of the French Air Force unit EC2/4 La Fayette variation Stork.

**These files are freeware and are to be used as such. They are not to be uploaded to any other website or used for any other purpose unless you contact the author Tom Stovall. You may add other entries with other models to show all the variations.**
