INTRODUCTION

Welcome to the UKMIL Westland Wasp HAS1. This aircraft has been designed in Gmax for Microsoft Flight Simulator 2004. In this pack, you will get

- 4 Versions.
- 11 Texture Sets, Royal Navy, Civilian, New Zealand Navy, Brazilian Navy, Dutch Navy
- Paintkit included

COPYRIGHT

This aircraft is the property of UKMIL and as such, may not be modified in any form. This includes any part of the aircraft features except the textures. This aircraft may not be uploaded to ANY other site without prior consent of the UKMIL team. The files in this pack are classed as freeware, and may not be sold, or placed on any form of media for distribution.

REPAINT POLICY

This aircraft may be repainted in other textures, and there is a paintkit available to UKMIL CLUB members on the UKMIL website. Repaints are allowed, providing the following restrictions are met.

- Repaint packs may only include textures, and no aircraft files
- Any use of the supplied Paintkit is credited in the README
- Repaints are allowed to be uploaded to the UKMIL website, and any other site you wish with NO restriction!

Please make note of these repaint restrictions, as any repaints found on other download sites without the consent of UKMIL will be in breach of the copyright rules.

DISCLAIMER

UKMIL takes no responsibility for the files in the pack. They are released at the user's risk only, and any damage to the end user machine, both software or hardware, can not be directed at the UKMIL files, or designers.

Contributions

Model Designers

Original Model by UKMIL GAFFER

Panel Designers

UKMIL Gaffer
