

Swissair Flight 111 20th Anniversary

1998-2018

Flightsim 2004 Memorial Model

Swissair Flight 111

This model serves as a memorial to the lives of the passengers and crew of Swissair Flight 111. Swissair Flight 111 was a scheduled international passenger flight from New York City, United States, to Geneva, Switzerland. On September 2, 1998, the McDonnell Douglas MD-11, registration HB-IWF, crashed into the Atlantic Ocean southwest of Halifax International Airport at the entrance to St. Margaret's Bay, Nova Scotia. All 229 passengers and crew aboard the MD-11 were lost — It marked the deadliest McDonnell Douglas MD-11 accident in aviation history, and the second-deadliest aviation disaster to occur in Canadian history.

We will never forget them, nor the last time we saw them, that morning, as they prepared for their journey and waved goodbye and "slipped the surly bonds of earth" to "touch the face of God."

Crew

Betrissey, Irene, Switzerland
Birkle, Raphael, 28, Switzerland
Castioni, Anne E., Switzerland
Eberhart, Patricia, 51, United States
Furter, Colette, Switzerland
Loew, Stephan, co-pilot, 36, Switzerland
Oberhansli, Rene, Switzerland
Pazeller, Seraina, Switzerland
