

**BY : Gera Godoy Canova**

**Welcome to Amazon Wings/Regional.** This is a small airline servicing several small cities and towns in the Amazon River Basin of Brazil. As a pilot with the airline you will be required to fly several types of airplanes considered the best in this wild environment.

**Destinations:** The Airline flies to cities, towns and villages. Most of the airports you will be landing in are paved and some are rather short, but you will always fly the right plane for the area you will be flying to.

**Your Duties as Captain:** In this airline you are the Captain, handler, fueler and what you need to become in order to carry on with your mission. You will serve coffee to passengers while waiting at a small airport, handle the baggage from the terminal to the plane, and even carry a box with snakes to the cargo hold for transfer to a zoo somewhere. Yes, you will learn all there is to do in this airline, that's why you will have so much fun and be unique. Obviously your main job will be flying the planes given to you with the utmost safety and care. The locals think the pilots of Amazon Wings are special guys and girls!!!...and they are!!!

**The Airplanes:** There are two Scenarios: From 1952 to 1970 and from 1990 to 2012 so YOU decide which airplanes to use according to the above.

## **IMPORTANT**

This type of flying is out in the Bush. You will need to use your compass and in some occasions follow a VOR. But most importantly be able to read the enclosed maps. In these jungle regions most of the time when you are flying, you must use your professional training to the utmost.

---

## TO YOUR NEW JOB

1) With your acceptance letter to Amazon Wings Regional you walk into ARECIFE AIRPORT TERMINAL and fly with your friend Captain Regor Ebregon in the GOL Airline 737 to Belem where you will meet Señor Almedo Mondo the Local Head man of Amazon Wings.

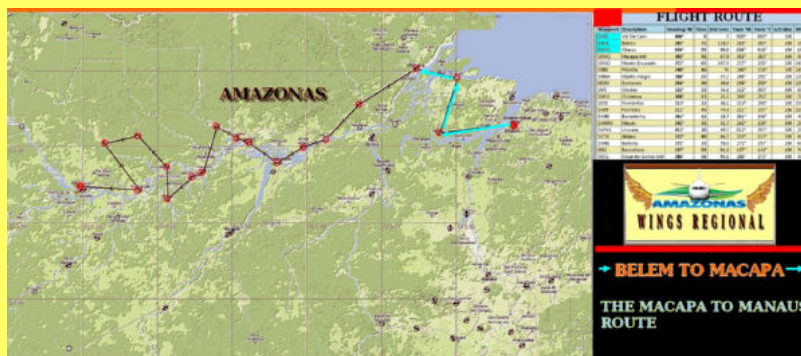

***Take GOL Flight 559 to BELEM -Boeing737.***

2) You will take command of an **Embraer 120** the next day together with Nellita Esterka your Co-Pilot, to **Afua and Macapá**
